

# FERENC FARKAS

ELTE Trefort Ágoston Secondary Grammar School, Budapest

Address: 8 Trefort Street, H-1088 Budapest, Hungary

## TEACHING CAREER IN BRIEF

I completed my studies as a chemistry and mathematics teacher at Eötvös Loránd University. After graduating from university, I started working at ELTE Trefort Ágoston Gyakorló Gimnázium in 2010.

Since the beginning of my career, I have been regularly holding extracurricular activities focused on conducting and analyzing experiments. In addition, I have run talent development sessions preparing students for school-leaving exams and competitions, and I have also worked as a talent mentor within the MTM program.

Since 2019, I have been teaching elective classes, and since 2024, I have held graduation training courses helping students successfully prepare for the advanced-level chemistry school-leaving exam.
