

ÁGNES MOLNÁR

ELTE's Radnóti Miklós Affiliated Secondary School

Address: Cházár András u. 10., H-1146 Budapest, Hungary

TEACHING CAREER IN BRIEF

I began my teaching career at the Balassi Bálint Secondary School in Budapest in 2001. Since 2018, I have been teaching as a mentor teacher of biology at the ELTE Radnóti Miklós Practice Primary School and Secondary School. I obtained my teaching qualification in 2011. Since 2019, I have been working as the head of a teaching community, and since 2021, I have held the position of Master Teacher. In 2023, I received the Master of Pedagogy award. I have participated multiple times in organizing and running complex science summer camps. I regularly serve as a teacher for corrections, correction leader, and oral examiner for the advanced-level biology final exams. In school, I teach students in grades 5–12, and I am also involved in preparing 11th and 12th-grade students for the advanced-level biology exams.
